With a "headstrong heroine on par with Katniss Everdeen and Tris Prior" (Kirkus) this debut thriller combines a pulse-pounding scifi thriller with a new adult coming-of-age story set at Texas A&M University.

When Ren Sharpe was fourteen, she was kidnapped by a shadowy organization called FATE and trained to be a human weapon.

Now, four years later, she receives her assignment: protect Gareth Young at all costs. Currently a student at Texas A&M, Gareth will someday change the world. FATE calls people like Gareth "FIPs"—future important people—and they're everywhere, each with a FATE-trained shadow.

But when disaster strikes, Ren will have to turn on her maker. Together with

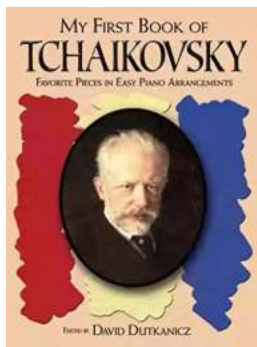

Junie, a fellow abductee and the one person she trusts, Ren takes Gareth on the run.

Because whatever else happens, failure is not an option.
