2018 saw the 10th anniversary of my life as expat in Cyprus. So far I've written five books about Living in Cyprus and this is the sixth. Bigger and better than any that have gone before it. This is not your conventional travel guide or a 'how to be an expat' guide. It is however full of useful thoughts, views, pictures, ideas and scenarios on what you may expect if you ever intend visiting or moving to Cyprus. My wife and I moved here in 2008 and since then, I've spent a lot of time blogging about the trials and tribulations of an expat in Cyprus.

Though it started well, as 2018 moved on one problem after another arose, not least of which was a serious illness to one of our two dogs, Harvey. At one point, we thought we were going to lose him.

What we did lose was a large part of our business and we have realised that maybe we're being told to slow down and retire, a bit.

This is my 6th book in the series Living in Cyprus and is actually three books in one. I've included the travelogue of our trip to Australia and the trip to Lake Como, in Italy. I've also moved away from the Jan to Dec top to bottom reporting and tried to make it into as much of a narrative as possible.

The result is a book much bigger than previous volumes, probably three times bigger.

I hope you enjoy reading this.
