This book is written primarily by the author to address the most common problem of students and examines in taking the Civil Service exam. The said examination is deemed to be difficult as it requires knowledge and preparedness in order to achieve the required passing percentage.

Nowadays, aside from the educational requirements and training to meet the minimum qualification standards, another requisite which is very important is passing the required career eligibility to qualify for the first and second level positions in the government. Being eligible is one of the vital steps in order to establish one's career and obtain security of tenure in the government.

This reviewer encompasses all the subject areas of the Civil Service examination which need mastery and familiarization. The different components presented here will surely develop your skills to answer every question critically and analytically. Unlike other Civil Service reviewers, this book is particularly presented according to how the actual examination is patterned.

This author is confident enough that this book will guide and help you as you pursue your desire to pass the said examination.
