

Intermediate Studies For Developing Artists On The French Horn

As a developing French horn artist, it's important to continuously challenge yourself and improve your skills. One way to do this is through intermediate studies specifically designed to help you grow as a musician. In this article, we will explore the acclaimed book, "Intermediate Studies for Developing Artists on the French Horn," published by Meredith Music.

Why Intermediate Studies Matter

Intermediate studies play a crucial role in the development of any musician. They bridge the gap between beginner level exercises and advanced repertoire, providing a solid foundation for technical proficiency, musicality, and overall musicianship. Intermediate studies help you build endurance, improve tone production, enhance your range, and develop a thorough understanding of various musical styles and phrasing.

The Meredith Music Advantage

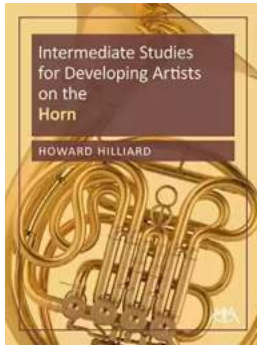

Meredith Music is renowned for its outstanding publications dedicated to instrumental studies, including the French horn. "Intermediate Studies for Developing Artists on the French Horn" is no exception. This comprehensive book is a collaborative effort by a team of experienced educators and performers who understand the challenges faced by aspiring French horn players.

Inside the Book

"Intermediate Studies for Developing Artists on the French Horn" features a diverse collection of original compositions and carefully selected excerpts from well-known classical works. This ensures that you are exposed to a wide range of musical styles and challenges while strengthening your technical skills. The book covers key areas such as articulation, dynamics, intonation, flexibility, rhythm, and sight-reading, providing a well-rounded approach to intermediate horn playing.

Structured Learning

The book is organized into progressive sections, each targeting specific aspects of horn playing. As you work your way through the studies, you will gradually build on your existing skills and tackle new challenges. By following the book's structured approach, you can track your progress and witness tangible improvements in your playing. The carefully crafted exercises and studies ensure that you are constantly engaged and motivated, making practicing an enjoyable experience.

(Meredith Music Resource). This text covers every possible style appropriate to an intermediate book for brass. It includes music from the 14th century up to the beginning of the twentieth century from dozens of countries, including original compositions that mimic many historic styles. The musical selections outside the standard repertoire compare well in quality to the more famous works and have unique elements that increase students musical vocabulary. Includes: challenging and rewarding music in a comfortable range for students with braces * musical exercises to teach phrasing * lip slur exercises * great music used to make practicing feel effortless and enriching.
