"THIS BOOK IS FREAKING AWESOME!!!" -- No Escape Like A Book

Just because Quanta can see the future doesn't mean she can change it. She's spent most of her life imprisoned, feeding her captors information to keep herself alive, but she's finally reached the endgame and her death creeps closer by the moment.

The son of two senators, Altair Orpheus leads a life of privilege that provides the perfect cover for his side job: working with the rebel Shadow Ravens to undermine the ruling Seligo government. Everything is running like clockwork until he crosses paths with Quanta. As he watches her deftly maneuver through life in a perverse prison, his plastic heart melts. A jailbreak would be suicide, but Tair is willing to sacrifice everything to give her a chance at happiness.

Now Quanta senses a terrifying new future brewing. She and Tair are bound together, but every image of them kissing, snuggling, and acting knee-weakeningly happy is balanced by a much darker possibility. They'll be picture perfect together, but only until time rips them apart. How can she follow her heart when she's seen how their love plays out?
