Hello! My name is Alexander Nilov. I have been teaching how to play the guitar for more than ten years. Four years ago I discovered the ukulele. I didn't take this small guitar seriously at first, but the more I practiced, the more I opened up unique resources of this instrument. Yes, a ukulele doesn't have the colorful timbre of a sax, the deep low sound of a double-bass or devastating strength of an electric guitar. But if you start playing the familiar melody, a whole band or even a symphony orchestra will start sounding in your imagination.

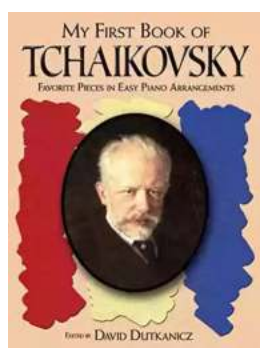

In the collection you will find tabs of the following works:

Every Breath You Take - The Police, Last Christmas - Music by Wham!, Mad World - Roland Orzabal, Right Now Na Na Na - Akon, Colors of the Wind - Alan Menken, Mr. Loverman - Ricky Montgomery, A Million Dreams - Justin Paul, Flashbacks - INNA, 34 + 35 - Ariana Grande, Memories - Maroon 5
