A legendary children's story of sibling adventure, by the enchanting author of *The Railway Children* and *Five Children and It*, which has delighted countless generations of children. The Bastable children (Dora, Oswald, Dicky, Alice, Noel, and Horace Octavius—H.O.) live in London with their widowed father. Too poor to attend school, the children are left to their own devices, and they spend their days coming up with ingenious plans to restore their father's fortune. Told from the first person perspective—which lends the narrative substantial bias—this was Nesbit's first work. Refreshingly free of Victorian sentimentality, yet still wonderfully evocative of a bygone era, the tale makes for timeless reading. and ensures Nesbit's esteemed place in the canon of children's literature.
