Read about the frightening consequences of being mistaken for a dead despot on a day out at the beach. Eating ‘crazy’ cookies for dessert in the desert? A back room brutalisation masquerading as massage. Walking barefoot on rodent faeces and a temple dedicated to Bach

When was the last time you lost a camel, let alone two? Saw architectural pornography? Upstaged Gandhi in his own house, or were made king for a day?

Read of horizontal rocket launches, the woman with two brains, enforced idol worship, extreme body piercing, burning corpses, mysterious skulls, threats of deity violence, hordes of naked men, and a nice cup of chai?

The Occidental Tourists - not your average collection of Indian travellers’ tales. Give it a go.
