When Alison Cavera’s moral compass doesn’t align with the law, she dons a disguise and does what she believes is right. By light of the moon, this spunky animal activist cuts fences to free whitetail deer from captive hunting preserves. During one of her escapades, a camera silently records her illegal activity. By day, Alison works at the county animal shelter. When she confiscates a beagle, the dog’s owner is furious. It’s a decision she soon regrets. Alison struggles with what society finds acceptable and regrets she can’t be the law-abiding woman her family and friends think she should be. Her inner battles take her down a dangerous path, one that could lead to prison or even death. Can Alison bridle her compassion before her life unravels? The Save Five Club is the third novel in the Save Five Series, a collection of fictional books that explore some of today’s relevant animal issues such as factory farming, medical and cosmetic research, dog fighting, animal hoarding, and captive hunting preserves. If you have compassion for animals and love to read, you’ll appreciate Janet Vormittag’s heroic tales of Alison Cavera as she fights for animals who share this planet with us.
