# An ordinary boy is chosen

There were plenty of other middle schoolers it could've chosen. Six-hundred and eighty-six, if you didn't count Clifton. The Arrow of Light appeared in his closet then whisked him away to a far-off land, where a dwarf and magical bird led him to two princes. He returned their arrow that he had somehow found and went home to his normal life. But the Arrow of Light had other plans. When Clifton found out that the king locked the princes in Drofflic Tower, he knew he must return to the past to protect the future. Enlisting the help of many mythical creatures and the princes' own sister, he managed to find the reason the Arrow of Light chose him. But magic can be wrong. And history longs to be told.
